Dear Aviel,

On behalf of Keshet, I would like to thank you for the work you have provided us.

Keshet is the premier nonprofit provider of educational, recreational, vocational and social programs for individuals with intellectual and developmental disabilities in the Greater Chicago area.

We had an urgent video-editing job and were referred to you by one of our directors who used your services in the past. We were very satisfied with your work and with your extremely fast turn-around time.

We are grateful for your generosity in providing this work as an in-kind donation and assure you this money is greatly needed for the critical work we do at Keshet.

It was a pleasure to work with you and we hope to work with you in the future.

Sincerely,

Deb Weiner
Marketing and Community Outreach Manager
